Business Locals and Special Notices 10 cents a line for each insertion. Obituaries charged for at the rate of 5 cents per line of eight words. Marriages and deaths inserted free.

TERMS: Cash in advance, invariably.

SATURDAY MORNING, JUNE 12, 1875.

Local and State Affairs.

Minor Topics.

The corner-stone of the new P. E. Church, at Newport, will be laid, with the usual ceremonies, next Thursday.

The Southern S. S. Institute, of New Castle Presbytery, will meet at Harrington, next Tuesday and Wednesday.

A military company is being formed in Wilmington, to represent Delaware in the parades at the Centennial exhibition.

Delaware College commencement exercises—including the society anniversaries—take place next week, beginning on Tuesday evening.

John Gow, of Milford, recently sold a farm near Jersey City, for which he paid $3000 a few years ago, to the Delaware & Lacawanna R. R. Co. for $45,000.

The Peninsular Fruit Growers' Association will hold their annual spring meeting next Tuesday. Some tall estimates of the peach crop may be expected.

The Methodists of Townsend, are to have a strawberry festival, for the benefit of their church, next Thursday. They expect to have lots of good things on hand.

A meeting of the Trustees of the Forest Presbyterian Church will be held in the lecture room this afternoon, to arrange ways and means for repairing the cemetery.

The barn of Levi Fisher, near Newark, was struck by lightning, and some hay that was in it set on fire during the storm of last Saturday night. The fire was extinguished before much harm was done.

Hurt by the Cars.

On Tuesday afternoon, a brakeman on the Delaware Railroad, named Boyd, was severely cut and bruised about the head while in the act of coupling cars, at the Middletown depot. His injuries, though painful, were not serious.

St. Augustine Church.

Divine service will be held (D. V.) in this church to-morrow (Sunday) afternoon at 3½ o'clock, by Rev. Mr. Walk, of St. Stephens' Parish. St. Augustine Church is now in the charge of three clergymen—Rev. Messrs. Wattson, of Masseys; Skinner, of Elkton, and Walk, of St. Stephens', who will officiate alternately, every two weeks.

Clerk of the Peace.

John P. Springer, Esq., was on Saturday last re-appointed, by Governor Cochran, Clerk of the Peace of this county for another term, of five years. Mr. Springer has made a good officer and his re-appointment is an endorsement of his course in the discharge of his duties during the past, as well as an acknowledgement of the efficient services he rendered the party in the late campaign.

Big Strawberries.

Thos. E. Hurn, Esq., sent us a small lot of great big strawberries last week, of the Hovey Seedling variety, measuring from 3 to 4 inches around and just as sweet and nice as they looked. They had one failing, however, and that was in the quantity. There wasn't enough of them, and, if they should all be as good as those were, it would take a very large quantity to be enough.

Potato Bugs.

These pests continue their ravages, unabated. They are a subject of every day talk, and marvelous yarns are daily told of their doings. The latest *on dit* in regard to them is that in attemping to fly across the Delaware into Jersey they fell in large quantities into the river. Unable to get over they floated back to the Delaware shore and are now accumulated in large numbers along the river and bay, waiting for the building of Representative Nowland's big bridge across the bay, to cross dry shod.

Cottage Organs.

Messrs. Roblen & Bro., have just made arrangements for the sale of the Estey Cottage Organs in this State, which they will sell at very low figures, either for cash or on instalments. They are also the agents for the Smith, American, Bundett and Prince Organs. Also some very fine Rosewood Pianos (new) with all modern improvements as low as $200. Pianos and Organs tuned and repaired. Old instruments taken in exchange for new ones. Address—ROBLEN & BRO.,
710 Market Street,
Wilmington, Del.

The Welcome Rain.

The rain which fell in copious showers in the latter part of last week and first of this was most beneficial in its effect upon crops and the good temper of housekeepers. So dry had the ground become from the long continued drouth that vegetation was beginning to look sickly for the want of rain, and the great clouds of dust which every passing breeze stirred up were fast destroying the patience of the good women who found it impossible to keep their houses free of dirt. For once the people were nearly unanimous in their desire for the one thing needed and the rain met a hearty welcome from everybody. It didn't come, however, it is feared in time to be of much advantage to the grass crop, and the wheat is almost beyond redemption, but corn and peaches are vastly benefitted.

Professional Base Ball.

Dover is to have an exciting day on the 24th inst. Arrangements have been completed for a match game of base ball between two professional clubs, the Athletics of Philadelphia, and New Haven of New Haven, Conn., and a grand time is expected. The game will be played on the excellent grounds of the Dover Base Ball Club, and an admission fee is to be charged. It is expected that persons from all parts of the State will attend, and to give those residing in the northern portion an opportunity to do so an excursion train will be run from Wilmington by the P. W. & B. Rail Road, at a reduced fare. To add to the day's entertainment, two bands of music have been engaged, and one of them, of course, is the Diamond State Cornet Band of this town, whose music is always admired by the residents of Dover and everyone else. L

Wagon Upset—Boy Hurt.

On Tuesday evening a horse attached to the wagon, or dearborn, of Mr. George Whiteoak, of Chesapeake City, became frightened at the cars at Middletown depot, and turned suddenly around, overturning the dearborn and throwing out Mr. Whiteoak's little boy who was the only occupant. The little fellow fell beneath the dearborn, and was badly cut on the mouth and about the head, though no bones were broken.

Those Bugs.

This is reported to be a Maryland farmer's style of writing to his landlord, who resides in this town, and is, of course, a graphic description:

L

DEAR SIR:—Had rain last night and wheat looks well—Potato Bugs coming like h—l. Corn is in pretty good condition, oats promise well, yet—Potato Bugs coming like h—l. Looks like more rain to-night, and if we have some it will improve our vegetables and grain—Potato Bugs coming like h—l. Yours, —"

A Queer Affair on the P. W. & B., R. R.

As the train North on the P. W. & B., R. R., which arrives here at 1.20 a. m., was passing between Stemmer's Run and the Eleven Mile Switch, this side of Baltimore, Wednesday night, the engineer suddenly blew for brakes and stopped the train. The conductor asked the reason for this, and was told they had run over a man about half a mile back. The train was backed to the place and a man found sitting asleep, with his back to the track and his coat tail cut completely off. His bundle was completely demolished, but the man was untouched, and his slumbers had been undisturbed by the train which thundered over the tail of his coat.—*Every Evening.*

Trade on the Canal.

CHESAPEAKE CITY, MD., June 5, 1875.

Mr. Editor—The following statement shows the total amount of trade through the Chesapeake & Delaware Canal, for May 1875:

Steamers	176
Vessels	719
Barges	487
Tidewater Canal Boats	86
Lumber (Lockings)	14
Total	1482

Tolls for month, $28,853.15; amount of bituminous coal for month, 68,597 gross tons; amount of oysters for month, 294,000 bushels; amount of lumber from Tidewater Canal for month, 2,973,000 feet; amount of iron from Tidewater Canal for month, 1,712,000 pounds.

J. T. H.

Mysterious Shooting Case—A Young Girl Instantly Killed.

On Thursday morning, Sergeant O'Neill, a Wilmington police officer, while in the pursuit of a man whom he was attempting to arrest, Al. Wingate, one of the "Old Church" ruffians, fired twice at the fugitive, who had refused to obey his order to stop and be arrested. After firing the two shots, neither of which took effect, he succeeded in capturing his man, and took him to the City Hall cells. In a short time it was ascertained that one of the shots fired by the policeman had struck and instantly killed a young girl about 13 yrs. old, named Sarah Doyle, who was standing, at the time, in the yard of her home. It is rather mysterious how she should have been struck by the ball, but she was and her instant death was the result. A coroner's jury was summoned, but we have not yet (Friday evening) learned the result of their investigation.

Sale of Real Estate.

James A. Pearce, Esq., Trustee, sold on Tuesday last, in Chestertown, the valuable farm of Joseph Merritt, deceased, near Chestertown, recently advertised in the TRANSCRIPT, for $55.75 per acre. Purchaser, Thos. Massey, Esq., of this town. The farm contains 202 acres and adjoins the land purchased about a year ago by R. T. Cochran, Esq.

On Tuesday next, (15th), Hon. George Vickers, as Agent and Trustee, will offer three valuable properties for sale, at Chestertown, and C. T. Westcott, Esq, will also offer two very desirable farms in Eastern Neck.

On Wednesday Mr. Vickers will offer two farms near Millington, at the house of H. C. Penniagton, in Millington, and H. W. Vickers, Esq., will at the same time and place sell a fine farm, near Millington, know as "Walnut Grove."

All these sales are advertised in the TRANSCRIPT.

The M. E. Church Cemetery,

For some weeks past our Methodist friends have been busily engaged in the work of improving and beautifying the cemetery attached to their church. The tombstones, which have heretofore presented an appearance of irregularity and disorder, have been neatly rearranged in straight rows; the graves newly sodded, and walks laid out and nicely gravelled. Order has been brought out of confusion and what was but recently a simple old fashioned "grave yard" is now a handsome cemetery. The lot, extending through to Green street, has been enclosed within the cemetery limits and laid out like the old portion in burial lots, some of which have been taken, and others are for sale. The work of improving has been done principally we believe under the direction of Mr. Alfred Cox, and much credit is due him for the manner in which he has performed his task. When the work is all completed the Methodists of Middletown will have a very handsome "city of the dead."

Odessa Items.

Berries are turning off well.

A good fruit crop is anticipated.

Quoit pitching is a very favorite amusement at present.

Mr. Corbit is building a new back building to one of his tenant houses.

The "bug atomizer" has been used successfully during the past week.

An excursion party went down the bay on Tuesday, on the sloop "Olivia." We suppose they will have "a time."

The children are very busy picking berries, and this is an important thing to them, as they nearly all clothe themselves and make a decidedly neat and pretty appearance.

There has been some talk of having a picnic or excursion by the M. E. Sunday School Committee, but the time and place have not yet been decided. The committee are to report in two weeks.

Next Sabbath will be childrens day, at which service a rare display of flowers and trimming of various kinds may be expected in the M. E. Church. The service will be under the direction of Dr. Matlack, who will preach to the school. The afternoon service will also be varied, several speakers are expected to speak to the children. A good time is anticipated. All are invited.

HEXICON.

Maryland Affairs.

INCENDIARISIM IN SASSAFRAS NECK.—Setting dwellings on fire has become become quite the rage in Sassafras Neck. On Friday last a colored girl, about sixteen years old employed as a domestic in the family of Mr. John H. Price (of Lewis), living about three miles from Cecilton, was rebuked by Mrs. Price for some delinquency. The next morning, after getting up, she deliberately set fire to the bed on which she had slept, and after watching the flames until convinced that they were beyond control, aroused the family with the announcement that the house was on fire. Fortunately the fire was not beyond subduement, and, by great exertions on the part of the family, was extinguished with no damage beyond the destruction the furniture in the room, and a charring of of the board partition. The incendiary is now in jail awaiting the action of the Grand Jury.—*Elkton Democrat.*

William W. Stephens, Esq., of Worton, Kent county, last week while in Philadelphia disposed of his fine trotting horse 'Towhead,' to a gentleman from Newark, N. J., for fourteen hundred dollars. 'Towhead' is about 9 years old and was raised in this county: his best time on record is 2.43½, but in exhibiting him before the sale it is said he made 2.34.—*Kent News.*

REAL ESTATE SPECULATION.—The formation of an association for the sale of real estate, the design of which is to form a joint stock campany, to be an incorporated institution with power to buy, sell, loan on mortgages, &c., &c., is proposed in Salisbury and a meeting in that behalf has been called. As the town has no bank it is thought that such an association will serve as a substitute.

THE FOOLISHNESS OF CARRYING FIREARMS.—Mr. John Blackiston, of Queen Annes county, sent his grandson to go and get his coat for him one day last week, and the little fellow, in taking the coat from the rack, discharged a pistol concealed in the pocket, and the ball entered his arm. It is hoped the arm can be saved.

A 23-months-old child of Mr. David D. Andrews, of Bailey's Neck, Talbot county, swallowed an iron screw on Wednesday last, which very soon produced death.

A grand strawberry, vegetable and baby show is to be held on the ground of the Dorchester Agricultural Society at Federalsburg, to-day.

LET THERE BE NO SECRETS in medicine, or rather no pretended secrets. The Medical Faculty publish as soon as made, all their discoveries, and almost all that is known of real value for the cure of disease has been discovered by them. Dr. Ayer takes the honorable honest course, and right because it is honest. He goes to work and invents the best remedy which medical skill can devise for the cure of certain complaints; then publishes what it is, and maintains his control of it solely by making it cheaper, better, more perfect, than anybody else can. If the people would exact this of all who offer medicines, they would have much less treackle and trash to swallow.

Smyrna Shoe Store.

WE have just received a case of the finest hand-stitched Patent Leather low cut Prince Alberts and fancy Congress Gaiters made in the United States. These are made by the celebrated Canfields, of Newark, New Jersey, who have a reputation second to none in the country. They employ none but the finest stitchers, and they import their stock (which is the finest brand of D & R patent leather) directly from Paris. These same goods are sold by Benkert, Bartlett, Helwig & Funk, and other fancy city makers, 15 to 20 per cent. higher than we are selling them.—We are the first customers they ever had from Delaware.

Young men of Middletown, if you wish a strictly first-class dress Gaiter, such as you cannot have made in the country, send us the size you wish and we will send them to you in a handsome box, free of cost, at our one price retail figures, and if they do not suit, send them back at our expense. We sell as follows: Low-cut Prince Alberts per pair $7.25; Congress, higher cut, (all fancy) $8.50. Address—R. M. & W. T. JOHNSON, dealers in boots, shoes and hats, Smyrna.—Also, Milford, Del.

The People Want Proof.

There is no medicine prescribed by Physicians, or sold by Druggists, that carries such evidence of its success and superior virtue as BOSCHEE'S GERMAN SYRUP for severe Coughs, Colds settled on the Breast, Consumption, or any disease of the Throat and Lungs. A proof of that fact is that any person afflicted can get a Sample Bottle for 10 cents and try its superior effect before buying the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing everyone that use it. Three doses will relieve any case. Try it.—Sold by Chamberlaine, Middletown; and H. P. Baker, Odessa.

Special Notices.

DOCTORS disagree as to the treatment of all diseases, from the mildest ailment to the deadliest epidemic, but the fact that the California VINEGAR BITTERS is conquering maladies which have defied the faculty, renders these professional differences of little consequence. While Dyspepsia, Gout, Rheumatism, Urinary Complaints, Biliousness, Nervous Disabilities, and all disorders not organic, are obliterated by this matchless vegetable tonic and alterative, who cares for opinions?

All who want a good SEWING MACHINE and having the CASH to pay for it, will have inducements offered them at the Great Sewing Machine Depot of A. T. STOOPS, N. E. Cor. Fourth and Arch St., Phila., they can get at no other Sewing Machine place in this city. All kinds of needles, oil, silk, cotton, linen thread, &c., low for cash.

Old Machines taken in exchange, and parties allowed liberally for them.

Is your Life Worth 10 Cents?

Sickness prevails everywhere, and everybody complains of some disease during their life. When sick, the object is to get well; now we say plainly that no person in this world that is suffering with Dyspepsia, Liver Complaint and its effects, such as Indigestion, Costiveness, Sick Headache, Sour Stomach, Heartburn, Palpitation of the Heart, Depressed Spirits, Biliousness, &c., can take *Green's August Flower* without getting relief If you doubt this go to your Druggist, Dr. Chamberlain, Middletown, Del., or H. P. Baker, Odessa, Del. and get a sample bottle for 10 cents and try it, or a regular size for 75 cts.

EVERY SEVEN YEARS, physiologists say, the human body is entirely changed and renewed. Every moment of our lives, every part of our bodies is wearing out and is being built up anew of fresh matter. This work is accomplished by the blood which goes through every part. But if the blood becomes weak or vitiated, and does not perform its work properly, the system is actually poisoned by the worn-out matter clogging the vital organs instead of leaving the body. For dyspepsia, biliousness, kidney, skin and liver troubles, fevers and all deseases arising from vitiated blood, DR. WALKER'S CALIFORNIA VINEGAR BITTERS are a sovereign remedy.

NOTICE.

The Stockholders of "The Peninsula Agricultural and Pomological Association" are respectfully requested to call at this office and receive their CERTIFICATES OF CAPITAL STOCK in exchange for the receipts at present held by them.

By order of Board of Managers.
J. THOS. BUDD, Secretary.

L. V. ASPRIL

Wishes to inform the farmers and public generally that he still continues the manufacture of

FARMING IMPLEMENTS

At the old stand, on the corner of 5th and Broad streets, in

ODESSA, DELAWARE,

Giving strict attention to the manufacture of PLOWS, such as the Heckendorn, Moore, Concave, Wiley, &c. He has recently connected with his former business an Iron Foundry, furnishing all the different kinds of plow irons such as are used in this section. Giving special attention to this line of trade, having been successful in procuring the services of those persons who formerly made castings at Newark, Del., whose work was celebrated as tip-top, will keep constantly on hand a large supply, wholesale and retail, at *moderate* prices. The public will also be reminded that he, only, has the right in this State to manufacture the celebrated Pioneer Stump Puller, which for strength and durability has proven fully equal to the task. All kinds of repairing, together with Horse-Shoeing, done with neatness and dispatch. Plow Bolts and Clevises constantly on hand.

Being thankful for past favors, by strict attention to business, we hope to merit a liberal share in the future. L. V. ASPRIL.

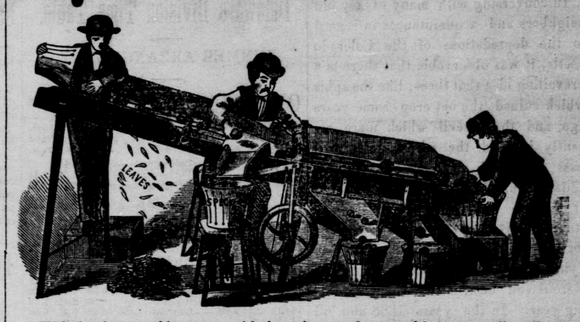
JONES'

Adjustable Peach Assorter.



With the above machine, a man with the assistance of two good boys can easily call 1000 baskets of peaches per day, taking out the leaves, soft and specked fruit, and assort the balance into three sizes (cullings, primes, and extras,) far more accurately than it can be done by hand; with an increased force, the capacity of the machine is (comparatively speaking) unlimited. But as the reputation of the first Assorter was fully sustained by those in use last season, I merely wish to state that they will be

BUILT UPON ORDERS ONLY,

and those who may favor me with their orders will have until the 25th of May to countermand the same, should the fruit be injured in the meantime. For terms please see circular. The price therin named is the result of close figuring, based upon what they cost me to have them *built by the hundred*, and as the probability is that so many will not be needed hereafter, it will be to the growers' interest to secure them this season.

JOHN A. JONES, Mt. Pleasant.

W. WESLEY WALKER, ODESSA, Agent.
E. T. EVANS & CO., FREDERICKTOWN, Agents.
CAPT. L. M. BEAN, MASSEYS, Agent.

Agricultural.

Paris Green Kills Potato Bugs.

The following is from the pen of an old resident of Missouri:

In conversing with many of my old neighbors and acquaintances in regard to the depredations of the Colorado beetle, it was observable that there is a prevailing idea that these, like the aphis which ruined the oat crop some years ago, and the weevil which more recently infested the wheat fields, will pass away and no more be heard of. This I think is an erroneous opinion. It is more likely they have come to stay. I have known them in Missouri for the last eight years, and instead of dying out, they have become more numerous and destructive each succeeding year. In the years 1868 and '69 I lost nearly all my potatoes by the beetle; it did not pay to take them out of the ground. About this time some "benefactor of mankind" made the discovery that Paris Green did not agree with the constitution of the insect. Then commenced a series of experiments as to the best method of applying the poison, as also to discover the least possible quantity necessary to produce the desired effect. These resulted in the combination of Paris Green with calcined Plaster Paris, in the proportion of one pound of the former to twenty pounds of the latter. I know a prejudice prevails against the use of this poison. That it is virulent and deadly in its effects the young beetles will themselves fully testify; but if it is handled with a moderate degree of care no evil will result. It should be applied in the morning, when the dew is on and in the absence of wind. Any small tin box with very small holes in the bottom will answer for a duster. No danger need be apprehended that any of the poison will be conveyed to the tubers, as it hardens with the plaster as soon as it becomes dry.

I have used the above mixture for the last four or five years, and have received no injury directly from the handling of it, or indirectly through the use of the potatoes.

Cause of Rust on Wheat.

The close, long continued analytical researches of Dr. Sprengel led to the conclusion that an excess of iron salts, and especially of the phosphate of iron, greatly favors the growth of red dust on the leaves and culms of wheat and other cereals. A soil in the vicinity of Brunswick that did not lack drainage, but lime, was remarkable for growing wheat and barley, always attacked and generally blighted by rust. A quantity of this soil was taken into a field generally free from this often ruinous parasite, to form an artificial soil fifteen inches in depth. Wheat planted in this was badly rusted, while that grown all around it, in the same field, was free from the malady. There was something in the soil peculiarly favorable to the fungus which stains one's clothing as red as bog iron ore itself. Low ground in which salts of iron collect in excess is generally recognized as being very subject to rust. Drainage is a partial remedy and no more.

Dr. Sprengel found on analysis a fraction over a half per cent. of the phosphate of iron in the soil under consideration, with only a trace of lime uncombined with silicie acid. As free lime will take phospheric acid away from iron, and indirectly convert iron into the harmless peroxide, and at the same time produce the valuable fertilizer, phosphate of lime, liming was prescribed and the cure perfected.

Here is a plain case where the analysis of a soil by a competent expert detected the source of a great and permanent evil, and transformed, as by magic, a mineral poison into plant food of inestimable value. To decry soil analyses by skillful chemists is shallow quackery—a weed that finds too much favor with American farmers.

NEGLECTED CELLARS.—It is not probable that the amount of sickness bred in cellars can ever be accurately estimated, but there is no doubt that many mysterious cases of typhoid and scarlet fevers, rheumatism and ague, may be correctly traced to the malarious effluvia emanating from these neglected corners. Old boxes, bins, and barrels, which have contained vegetable matter, meat, fish, etc., need thorough overhauling, because when standing in a dark corner they look empty, and there may be enough poison left sticking on the sides and bottom to affect the health of the household. The work of cleansing is often left to the women and boys of the family. A man had much better leave his work a day, to make a thorough examination and purification of the cellar, than to be unduly anxious about getting in his crops in extra season. After all garbage is carried out, let the ceilings and wall be faithfully brushed with an old broom; and if this is done once a month, the atmosphere will be all the sweeter. Use plenty of lime, and in dry weather keep the doors and windows open a part of every day. Old tin and wooden ware should not be allowed to stand year after year upon the cellar shelves. If it is not fit to be used, throw it away.—*Manufacturer and Builder.*

It is said that in Memphis the demand for morphine has become so large that the local druggists are considering the propriety of not selling the article unless upon the order of a physician or to a well-known citizen.

Stallions.

THE THOROUGH-BRED HORSE

LEGATEE,

BY LEXINGTON,

Dam, Levity, by Imp. Trustee, &c., was bred by the late R. A. Alexander, of Ky., and raised by ex-Gov. Bowie, of Md.

LEGATEE is a beautiful rich bay, 15½ hands high, remarkably *well built and very strong.*—He possesses not only the very best crosses for running but also for trotting, his dam being by Imp. Trustee, the sire of the great trotting gelding that trotted twenty (20) miles in less than one hour; his sire, *Lexington, second to none* as a sire and racer. LEGATEE has done some good running and is a very fine trotter and driver.

He will stand the coming season at the Hotel in Odessa, Monday and Tuesday, March 22d and 23d; at Mr. Wm. Diehl's, between McDonough and Port Penn, Wednesday and Thursday, 24th and 25th, where he may be found every other week till June 24th. The mean time he will be near Warwick, Md.

TERMS—$40 to insure. Season $25. Groom 50 cents.

For further particulars, address

GEO. W. LOCKWOOD,
WARWICK,

POND'S EXTRACT

CHILDREN.—No family can afford to be without Pond's Extract. Accidents, Bruises, Contusions, Cuts, Sprains, are relieved almost instantly by external application. Promptly relieves pains of Burns, Scalds, Excoriations, Chafings, Old Sores, Boils, Felons, Corns, etc. Arrests inflamation, reduces swellings, stops bleeding, removes discoloration and heals rapidly.

FEMALE WEAKNESSES.—It always relieves pain in the back and loins, fullness and pressing pain in the head, nausea, vertigo.

IN LEUCORRHŒA it has no equal. All kinds of ulcerations to which ladies are subject are promptly cured. Fuller details in book accompany each bottle.

PILES.—Blind or bleeding—meet prompt relief and ready cure. No case, however chronic or obstinate, can long resist its regular use.

VARICOSE VEINS.—It is the only sure cure.

KIDNEY DISEASES.—It has no equal for permanent cure.

BLEEDING from any cause. For this it is a specific. It has saved hundreds of lives when all other remedies failed to arrest bleeding from nose, stomach, lungs, and elsewhere.

TOOTHACHE, Earache, Neuralgia and Rheumatism are all alike relieved, and often permanently cured.

Medical.

VINEGAR BITTERS

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

They are a gentle Purgative as well as a Tonic, possessing the merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs, and in Bilious Diseases.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis,** when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
